

DOMAINE
DES CRÊTS

Born from the meeting between François Lequin and Matthieu Ponson, the estate is located in Ozenay in the upper Mâconnais. The objective of the estate, since the first vintage in 2014, is to produce great white wines of Burgundy by magnifying the Chardonnay grape variety.

The vines are cultivated in the respect of the environment with the precepts organic agriculture and biodynamics for certification.

All our wines are aged for one year in oak barrels from 228 to 500 liters with 10% new barrels.

WINEGROWERS !

At 43 years old, Matthew Ponson **changes his life to become a winemaker**. Driven by a deep **desire to creation and back to earth**, this self-taught person turns into first place and naturally to Burgundy, to found his first estate, the **Domaine des Crêts**.

Matthieu Ponson joins forces with **François Lequin**, Renowned winemaker of the Côte de Beaune, to begin his Burgundian adventure.

The Lequin are winemakers in Santenay since 1679 at least. Steeped in the Burgundian culture, each generation has lived only for the vine and the wine.

A few years ago, **René Lequin** married **Josette Colin**, herself a daughter of an old winemaker family from Chassagne-Montrachet.

In 1976, they made their first harvest ... the Domain LEQUIN-COLIN was born. **François** (the son) exploits today 9 hectares in the best climates of Santenay, Chassagne-Montrachet, Pommard and Corton.
